

Six species are only the beginning.

A conservative construction model reaches **4.17×10^{111} configurations.**

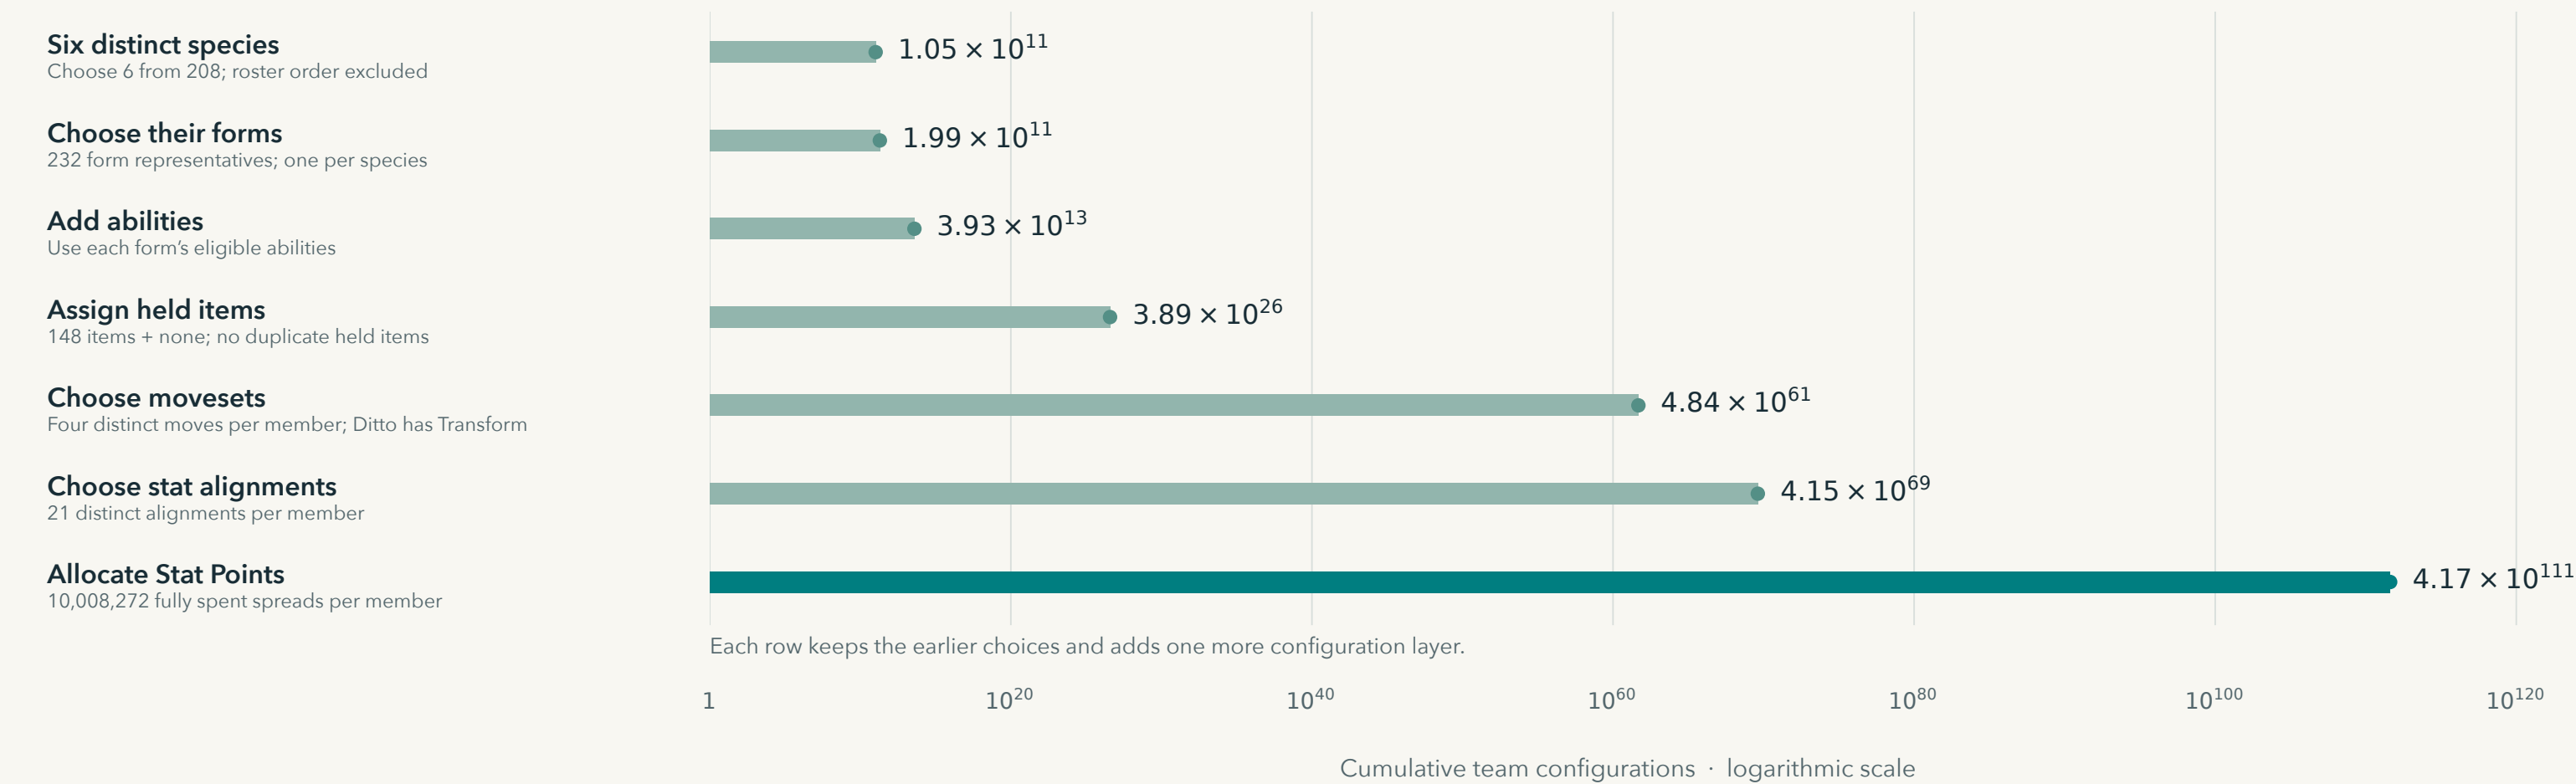

Pokémon Champions · Regulation M-B · simulator-defined subset, not a count of strategically distinct or strong teams

A / INSIDE ONE OF SIX TEAM MEMBERS

Choosing a species opens another search space.

B / HOW THE NUMBER OF CONFIGURATIONS GROWS

Even with the same species, the configuration choices dominate the count.

COUNTING SCOPE Six distinct species; four moves where possible; all 66 Stat Points spent; 32 per-stat cap.
Fixed gender/defaults. Roster order, move order and cosmetic variants excluded. Frozen Showdown M-B revision 913da3602a3a.
